- [Infection and Prevention Control](#)
- [Remote education](#)
- [Safeguarding](#)
- [Catering](#)
- [Communication](#)
- [Monitoring and review](#)

The aim of this plan

If our school or local area sees an extremely high prevalence of coronavirus (COVID-19) infection rates and existing measures in our community have failed to reduce this, the appropriate authorities will decide which additional measures to implement to help contain the spread. These measures may involve implementing a number of restrictions, which could include the partial closure of schools and childcare settings in our area. Measures may also be necessary to help minimise the impact from new coronavirus variants.

This contingency plan, also known as an 'outbreak management plan', outlines how the school will operate if further restrictions are implemented. The school will work closely with the local health protection team (HPT) and implement provisions as advised by the team.

This is a live document that will be reviewed by the headteacher, in conjunction with other key stakeholders, as and when the situation develops.

Restrictions to attendance

The government has advised that all schools should continue to operate as normal and that all pupils should attend school unless required to self-isolate.

The contingency framework is designed to act as a containment measure where:

- There is extremely high prevalence of coronavirus.
- Other measures have already been implemented.
- There is a need to minimise the impact from a new coronavirus variant.

Restrictive attendance measures, of the kind set out in the contingency framework, must not be implemented by schools without the explicit agreement of the DfE.

Restricting attendance in any form will only be used as a last resort, initiated following a ministerial decision. Where restrictions to attendance are implemented following government advice, they will be kept to a minimum, allowing for the maximum number of pupils to attend education; however, in all circumstances, priority will be given to vulnerable pupils and the children of critical workers to attend full time.

As part of their outbreak management responsibilities, Local Authorities, Directors of Public Health, and Health Protection Teams may advise individual settings or a cluster of closely linked settings to limit attendance in one of the ways described in this section.

Where Wirral Authority judge that wider containment action is needed and wish to limit attendance within our area, they will work with the Regional Partnership Team to escalate a proposal to the central Local Action Committee command structure.

Unless advised otherwise, the School will allow all pupils to attend. If the contingency framework is implemented, the School will only allow the following pupils to attend on-site provision:

- Vulnerable pupils
- Children of critical workers
- Pupils in Reception and Years 1 and 2, where advised by the DfE

Children in the EYFS will follow the arrangements set for the main school.

High-quality remote education will be provided for all pupils not in attendance, in line with the Pupil Remote Learning Policy.

The school will lift restrictions as soon as it is advised by the government that it is appropriate to do so.

Infection prevention and control

The school's Infection Control Policy will continue to be adhered to – this policy meets the requirements set out in the DfE's system of controls.

Any member of the school community who displays symptoms of coronavirus will be required to self-isolate and encouraged to get a confirmatory polymerase chain reaction (PCR) test.

Tests can be booked online or ordered by telephone via NHS 119. Critical workers, including school staff, have priority access to testing.

Staff are encouraged to test twice weekly with a rapid-result lateral flow device (LFD) testing kit, to identify asymptomatic cases of coronavirus. Asymptomatic testing will continue for the remainder of the Autumn term.

The school will contact the Self-Isolation Service Hub on 020 3743 6715 as soon as it is informed that any member of staff has tested positive for coronavirus.

If a variant of coronavirus classed as a variant of concern (VoC) is identified within the school's geographical area, the school will partake in targeted testing by the Department of Health and Social Care (DHSC) to help suppress and control any possible new cases. The school will also adhere to advice from Directors of Public Health in relation to the temporary reintroduction of face coverings.

The following thresholds will be used as an indication of when to seek public health advice, whichever is reached first:

- Five children or staff who are likely to have mixed closely, test positive for coronavirus within a 10-day period
- 10 percent of children or staff who are likely to have mixed closely test positive for coronavirus within a 10-day period

When a threshold is reached, the school will review and reinforce the testing, hygiene and ventilation measures already in place. The school will also consider:

- Whether any activities can take place outdoors, e.g. exercise, assemblies, or classes.
- Ways to improve ventilation indoors that will not significantly impact thermal comfort.
- One-off enhanced cleaning, focussing on touch points and any shared equipment.

A director of public health may provide the school with advice that reflects the local situation. In areas where rates of positive cases are high, this could mean that the thresholds for extra actions are higher than the threshold set out above.

The school will seek additional public health advice if there is concern regarding transmission in the school, either by phoning the DfE helpline on 0800 046 8687 or in line with other local arrangements. The school will also refer to the government's [contingency framework](#) for further information.

The individual's close contacts at school – where they do not fulfil the criteria outlined in this section of the contingency plan – will be contacted by the NHS Test and Trace, and advised to take a PCR test. If more individuals test positive, the school will follow advice from the local HPT, which may include requiring more people to self-isolate. Staff who do not need to isolate and young people under the age of 18 years and six months who have been identified as a close contact should continue to attend school as normal.

As the result of an outbreak during step 4 of the coronavirus recovery roadmap, a temporary requirement could be implemented for staff to resume wearing face coverings in areas other than crowded spaces where they are likely to come into contact with others they would not normally meet. This may include face coverings being reintroduced in communal areas and

classrooms for members of staff. The school may also be required to reintroduce the use of bubbles in order to resume social distancing and limit the transmission of coronavirus. The school will adhere to any conditions set out by the local Health Protection Team.

Transport

Pupils and staff attending school will be encouraged to walk or cycle wherever possible and to avoid public transport. The government has removed the legal requirement to wear face coverings but expects and recommends that they are worn in enclosed and crowded spaces where you may come into contact with people you don't normally meet – this includes public and dedicated transport to schools. If pupils and staff need to use public transport, they may be asked to wear a face covering while travelling, unless exempt in line with government guidance, e.g. due to a disability.

Remote education

If a local lockdown is implemented, the school will offer immediate access to remote education for pupils who are required to remain at home. If there is not a local lockdown, but a single class or bubble needs to self-isolate, the school will immediately implement remote learning for that group.

Teaching and learning

If restrictions to on-site education are required, the school will offer immediate access to high-quality remote education for all pupils who are required to remain at home. All remote learning will be delivered in line with the school's Pupil Remote Learning Policy.

Where advised during a local outbreak, further restrictions may be enforced with regards to certain musical and drama activities, e.g. singing, for pupils attending on-site provision, to help reduce the risk of transmitting coronavirus via aerosols. Restrictions may also be reintroduced to contact and indoor sports. The school will follow the advice provided by the local HPT.

The school will use a range of remote teaching methods to cater for all different learning styles. This includes online lessons via Zoom Video call platform.

Teachers will ensure lessons are suitable to the class group's age and ability, inclusive for all pupils, and will be adapted, where necessary, to account for the needs of all pupils and pupils with SEND.

When teaching pupils who are working remotely, teachers will:

- Set assignments so that pupils have meaningful and ambitious work each day.
- Deliver a planned, coherent and well-sequenced curriculum which allows skills to be built incrementally.
- Provide frequent, clear explanations of new content through high-quality curriculum resources, including through educational videos.
- Assess progress by using questions and other suitable tasks and use assessment to ensure teaching is responsive to pupils' needs and addresses any critical gaps in pupils' knowledge.

- Adjust the pace or difficulty of what is being taught in response to questions or assessments, including, where necessary, revising material or simplifying explanations to ensure pupils' understanding.
- Provide opportunities for interactivity, e.g. questioning and reflective discussion.
- Provide scaffolded practice and opportunities to apply new knowledge.
- Enable pupils to receive timely and frequent feedback on how to progress, using digitally facilitated or whole-class feedback where appropriate.
- Plan a programme that is of equivalent length to the core teaching pupils would receive in school, ideally including daily contact with teachers.

In exceptional circumstances, the school may reduce its curriculum offering to enable pupils to cope with the workload – the headteacher will assess this need, keeping pupils' best interests in mind, and will not take the decision lightly.

Returning to school

The headteacher will work with Wirral Authority to ensure pupils only return to school when it is safe for them to do so. Prior to the return of more pupils and staff, all relevant risk assessments will be reviewed.

Where advised to do so by a Director of Public Health and/or the local HPT, the school may encourage staff to undertake LFD tests at home prior to their return to school and/or for a period of time following their return. The school will continue to recognise that testing is voluntary.

The headteacher will inform staff, pupils and parents, prior to the return to school, whether any further restrictions, such as the use of bubbles and face coverings, have been resumed.

After a period of self-isolation, or the relaxation of restrictions, the headteacher will inform parents when their child will return to school.

The headteacher will listen to all concerns that parents may have about their child returning to school and will advise them of the measures in place to ensure the safety of their child.

Safeguarding

Ensuring safeguarding arrangements remain effective during periods of restricted attendance is a key priority. Our Child Protection and Safeguarding Policy has been updated to include provisions for keeping pupils safe during the coronavirus pandemic, both at home and in school – we will continue to follow these procedures for pupils who remain at home, where appropriate, until all pupils are able to return to school.

We will continue to ensure that:

- The best interests of pupils always come first.
- If anyone in the school has a safeguarding concern about a pupil, they act immediately.
- A DSL or deputy DSL is always available.
- Unsuitable individuals are not permitted to work with pupils or come into contact with pupils whilst on site.

- Pupils who remain at home are protected when they are online.

The DSL or a deputy DSL will be on-site where possible. Where this is not possible, e.g. they are required to self-isolate, the school will ensure that the DSL or deputy are available to contact at all times. In addition, the SBM (as part of the senior leadership team) will take responsibility for coordinating safeguarding on-site, if the DSL or deputy DSL is not on site and will liaise between other agencies and the DSL/ DDDSL.

Wraparound care

The school's wraparound care (both indoor and outdoor provision) will be provided to all pupils; however, where restrictions are required, wraparound care will only be provided on-site to pupils who are eligible to attend school full time.

Catering

We will communicate any changes in provision of school meals to our parents and children, once the local restrictions situation has been fully considered and following a full risk assessment.

Communication

The school will communicate its plan for addressing any imposed restrictions with parents, including in relation to:

- Opening arrangements.
- Access for specific targeted groups where applicable, such as certain year groups, vulnerable pupils and children of critical workers.
- Any reviews of the school's protective measures as part of our risk assessments.
- The arrangements for remote working.

All relevant stakeholders will be kept up-to-date with the circumstances of any imposed restrictions and how these affect the school as the situation develops.

If any member of the school community wishes to discuss any concerns relating to the school's provision during this period, they should contact the Headteacher.

Monitoring and review

This plan will be reviewed continually in line with guidance from the government and Public Health England (PHE).

Any changes to the plan will be communicated to all relevant stakeholders as soon as possible.
