Dear Parent/Carer,  
Recently, your child may have taken part in a mini taster workshop to gauge interest in running The Inventors After School Club at Avalon. The feedback we received from the children was amazing and we were delighted with the interest registered.

Originating in Portugal, 10,000 children in Portugal, Spain, The Netherlands and now the UK have benefited from The Inventors Clubs and Camps.

Experiences at The Inventors Club are designed to:

- Foster curiosity in combined engineering, arts and creativity
- Turn consumers of technology into makers of technology too
- Introduce new tools and mental models to children
- Develop resilience, self-confidence and positive mental health

Please see The Inventors flyer for further information. Please note that from time to time activities may vary from the programme. Children will participate in individual activities to take home and some collaborative group-based work.

**There are a few remaining places left at the 10-week club beginning on:**

**Tuesday 17<sup>th</sup> September 3.45pm-4.45pm**  
**Payment is £32.50 per month for three months – a total of £97.50.**

**Registration and online payment can be made here:**

<https://en.theinventors.io/register/>

Places are strictly limited to twelve children and allocated on a first come first served basis.

Yours sincerely

Mrs J Callaway  
Headteacher

# DO YOU WANT TO BE AN INVENTOR?

TECHNOLOGY • ARTS • CREATIVITY

## Who are we?

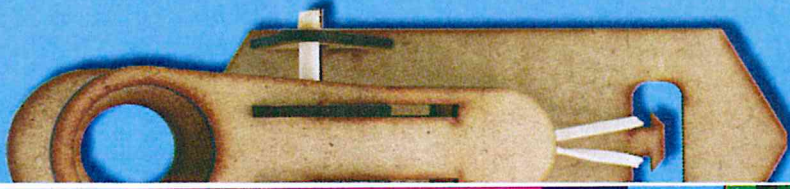

We want to inspire a new generation of inventors. Over 10 000 kids in 5 countries have attended our inspiring classes and activities.

## How do we work?

We develop kits and educational programs for extracurricular activities, workshops and holiday camps.

## What are you going to learn?

Our inventors explore areas such as engineering, arts and creativity.
