Dear Parents/Carers

At Avalon, we believe that the development of good reading and comprehension skills is essential and in order to further develop this throughout the school, we are encouraging all children to use our digital reading scheme (Oxford Reading Buddy) as well as traditional reading books.

We would request that children read at least one book per week online and also complete the quiz at the end of each book to help develop their comprehension skills. Completing this also allows for your child's teacher to assess and monitor your child's progression in reading.

It would also be greatly appreciated if a record of what your child has read and how they found the book could be made within their reading record book.

If you do experience any difficulties or have any further questions, please do not hesitate to ask your child's teacher.

Many thanks for your continued support.

Yours sincerely
The Infant Team
