31st October 2017

Dear Parents/Carers,

Science - Year 1 Autumn Walks

During the week commencing Monday 6th November the Year 1 children will be going on seasonal walks around the school ground to observe changes across the seasons. The children will be collecting weather related data including rainfall, temperature and wind direction. They will also be collecting autumnal items to create a "seasonal bottle". For the seasonal bottle we would be most grateful if each child could bring into school a plastic bottle, box or jar before Monday 6th November.

Thank you for your help and support.

Yours sincerely

Mrs J Callaway
Headteacher
