

26.06.18

Dear Parents & Carers,

We are delighted to announce that the winners of this year's House Cup are St. Andrew's. The scores for the House point totals this year were very close, but St. Andrew's just managed to hold on to their lead with a magnificent 5495 points!

In recognition of their team work and determined efforts all year, the children in St. Andrew's team will be treated to a day of learning Circus Skills on Friday 29<sup>th</sup> June. The workshop will include a special performance, at the start of the day, demonstrating a whole range of circus skills from juggling to stilt walking, to uni-cycling and tight-wire walking with lots of fun and laughter throughout. This enables the children to see a whole range of circus skills that are available and inspires them to have a go!

The skills that the children will learn during the workshop are:

- Scarf, ball, ring and club juggling
- Feather and stick balancing
- Spinning plates
- Diabolos
- Devil sticks
- Poi
- Ribbon
- Hula hoops
- Pedal goes and Fun wheels
- Can, hand-held and hands-free stilts
- Tight-rope and tight-wire walking
- Balloon Modelling

To be able to participate in this fun and enjoyable day, we ask children in St. Andrew's team to come to school dressed in their school PE kit with their House T Shirt.

The rest of the school will watch a performance at the end of the day, when the St. Andrew's team can showcase everything that they have learned and enjoyed, during the workshop. We look forward to a day of fun and magic!

Yours sincerely,

  
Mrs J Callaway  
Headteacher
